Over 65 films and documentaries

If you did not get the opportunity to go to the annual AFDA Experimental Festival held at the AFDA Johannesburg, Cape Town, Durban and Port Elizabeth campuses - Do not be despair, our third-year students have ensured you can watch their film and television productions online at AFDA Online Experimental Festival 2019 platform from the comfort of your own home. Not only can you binge watch over 65 films and documentaries but you can also watch the behind the scenes and the trailers. It's just a click away: <https://afda.co.za/Student-Work.html>

The festival goes live from the 21 June to 21 July 2019, offering you the opportunity to view and discover the future talents and stars of the South African creative economy.

Last year's Online Experimental Festival proved to be a huge hit. The festival page on the AFDA website received a massive 52,361 visits from people in 42 different countries. That stat deserves a standing ovation on its own.

Please also feel free to share the festival productions far and wide with family and friends on social media.
