

Cisco, Miral sign MoU

Cisco and Miral have signed a memorandum of understanding (MoU) to explore ways of expanding Miral's digital offerings across its portfolio of leisure destinations on Yas Island in Abu Dhabi, UAE. The MoU creates an outline that will allow for collaboration between the two parties by leveraging Cisco's portfolio of technology products and solutions to support Miral's vision.

The agreement outlines a number of potential areas for cooperation that aim to enhance and differentiate Miral's destinations through the use of innovative, intelligent technology, and best practice within the IoT space.
