

According to *Forbes*, Dr Phil rakes in the cash

Channel 24 [reports](#) that, according to the latest *Forbes* highest-paid TV star list, daytime talk show host Dr Phil McGraw is the highest paid TV personality with a reported income of \$79m. *Forbes* magazine indicated that the makeup of these stars' annual earnings may also include income from additional activities such as producing, non-TV performances, endorsements, and merchandising.

In line with [Swift's recent poll findings on women in television](#), the list is tilted towards a male bias with only three women making the list, namely Ellen Degeneres, Kim Kardashian, and Judy Sheindlin.
