

Funds raised for Operation Smile at Absa Cape Epic

The Liqui-Fruit iCan riders Warren Robertson and Jarryd Haley cycled to raise awareness and funds for Operation Smile South Africa in the 2013 Absa Cape Epic Mountain Bike stage race. Operation Smile funds corrective surgery for children born with cleft lips and cleft palates, helping to give these children their smiles back. They were placed 38th overall out of over 600 teams in the Prologue, which was held at Meerendal Wine Estate in Durbanville on 17 March and they were placed 84th in the first stage, which took place on 18 March in Citrusdal.
