

'Imagine', new lifestyle magazine from Pam Golding

The Pam Golding Property group has launched a new lifestyle publication, entitled 'Imagine' that allows readers to indulge their senses with insights into the lifestyles of affluent homeowners across a range of prime global destinations - from urban and trendy to idyllic, tropical island.

Property market trends

Comments Dr Andrew Golding, CE of the Pam Golding Property group, "'Imagine' deals not only with the world of property aspirations, it also offers the reader insights and knowledge from experts and from people living in their dream homes. It looks at property market trends from around the world, including property investment both locally and abroad. Owning property is all about dreams and imagination, and this beautifully designed magazine brings these to life."

With a print run of 31,000 and nationally distributed through leading retailers (bagged with Visi magazine with a cover price of R49.95), the magazine is also distributed in the Slow and SAA international lounges in Johannesburg and Cape Town, Execujet lounges in Cape Town, Johannesburg and Lagos, and through the group's network of offices and agents.

Available app

"Understanding the importance of online media consumption, we have made the magazine available as a page turner viewable on all devices from desktop to smartphone and have also translated the full publication into an interactive App available to view on tablet," concludes Goldman.
