

Ideaing.com's e-commerce website launches

Ideaing.com has launched the first smart device editorial and e-commerce website. A range of devices may be found in the following categories: smart home, smart body, smart entertainment and smart travel.

Having initially partnered with 16 smart device product lines at launch, the company aims to have partnered with over 50 product lines by the end of 2016.

To view the website, which offers smart home shopping news, advice, and products, click [here](#).
