

Futurex Cape to incorporate new business equipment show

This year, visitors to Futurex Cape at the Cape Town International Convention Centre, 27-29 September 2006, will also benefit from free entry into the collocated Equip exhibition. Equip is the new business solutions for SMEs and home-based professionals exhibition that made its debut at the Sandton Convention Centre in Johannesburg alongside Futurex Gauteng earlier this year. The first Equip Cape also incorporates the Total Office & Business Expo recently taken over by Exhibitions for Africa.
